Mount Olympus was known as the home of the Gods. It was the place where the Gods held feasts and discussed the fate of the mortals.

The quiet life in Olympus was over when the war among the Gods started. After years of war, Mount Olympus was devastated and without a trail of life. When this happened, two divine traces were left in the form of a man and a woman, who had to unite and thus give birth to a male child who would bring new life to the mount.

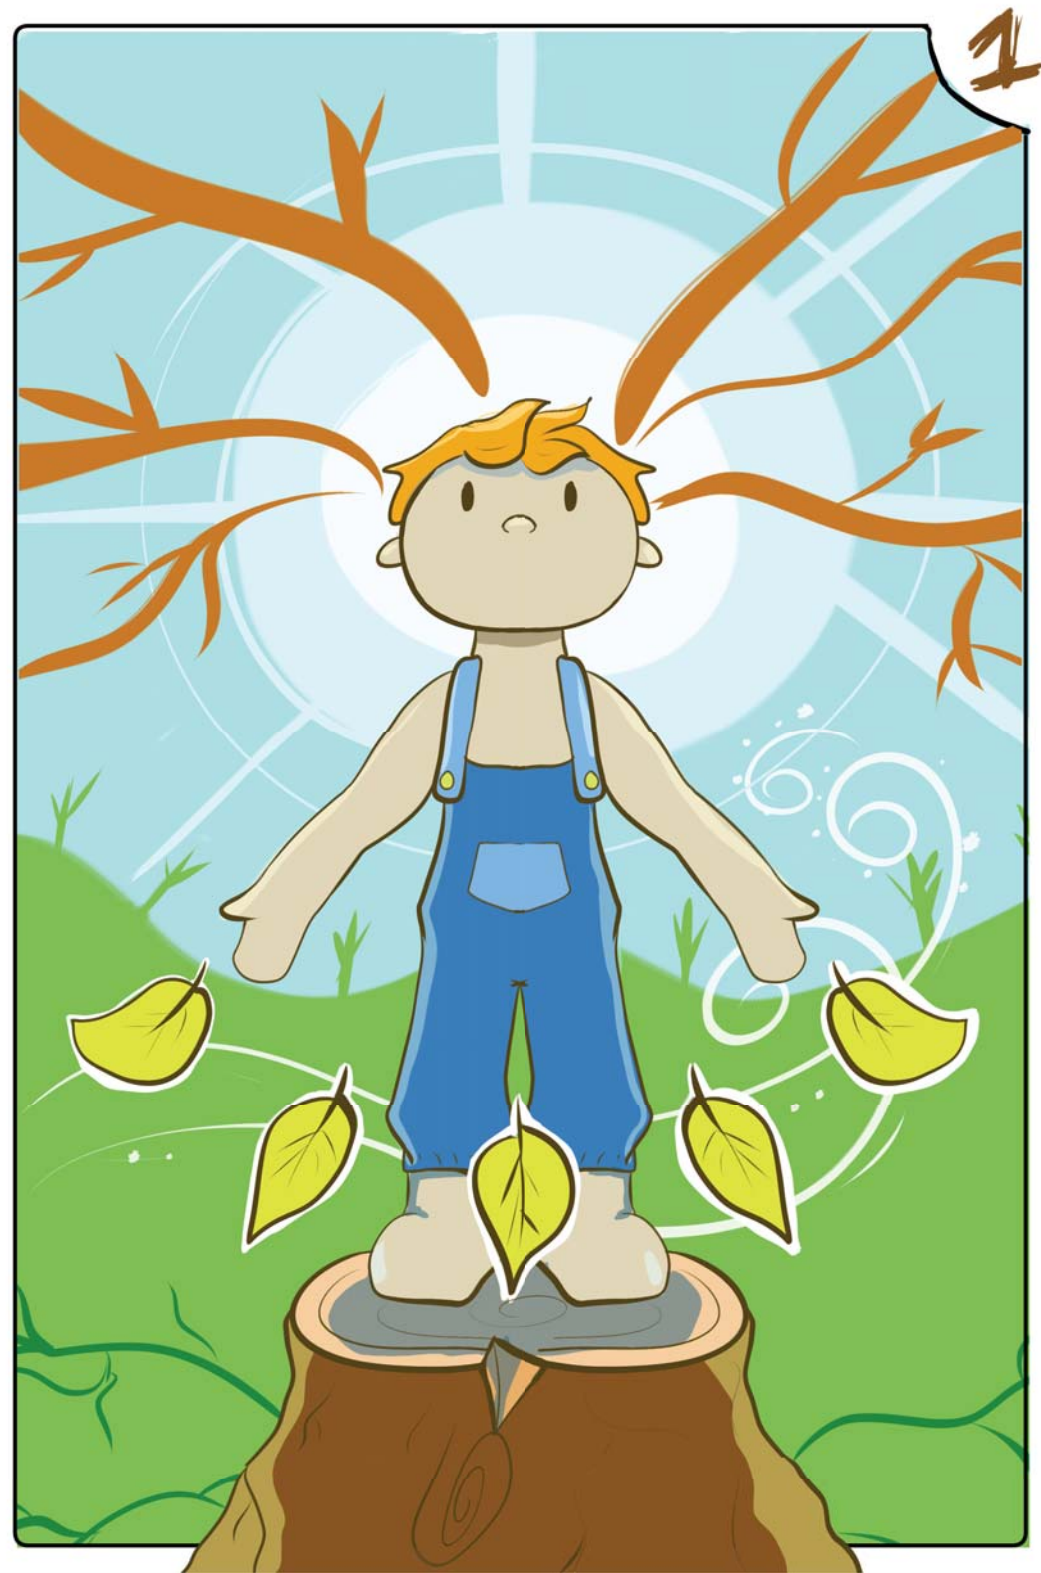

Kleio was the name of the child destined to rebuild Mount Olympus. He was raised far from the mountain, ignorant of his destiny. One day, Kleio ran into the oracle, who informed him of the crucial mission he had to rebuild the home of the gods.

Acknowledging his fate, Kleio started his way out to the mount, facing tough challenges along the way. Forests, hills, and rivers are some of the difficult scenarios he must overcome. But, he doesn't have to do it alone, with your help as the God of wind, Kleio will be able to reach his destiny and bring glory to Mount Olympus.

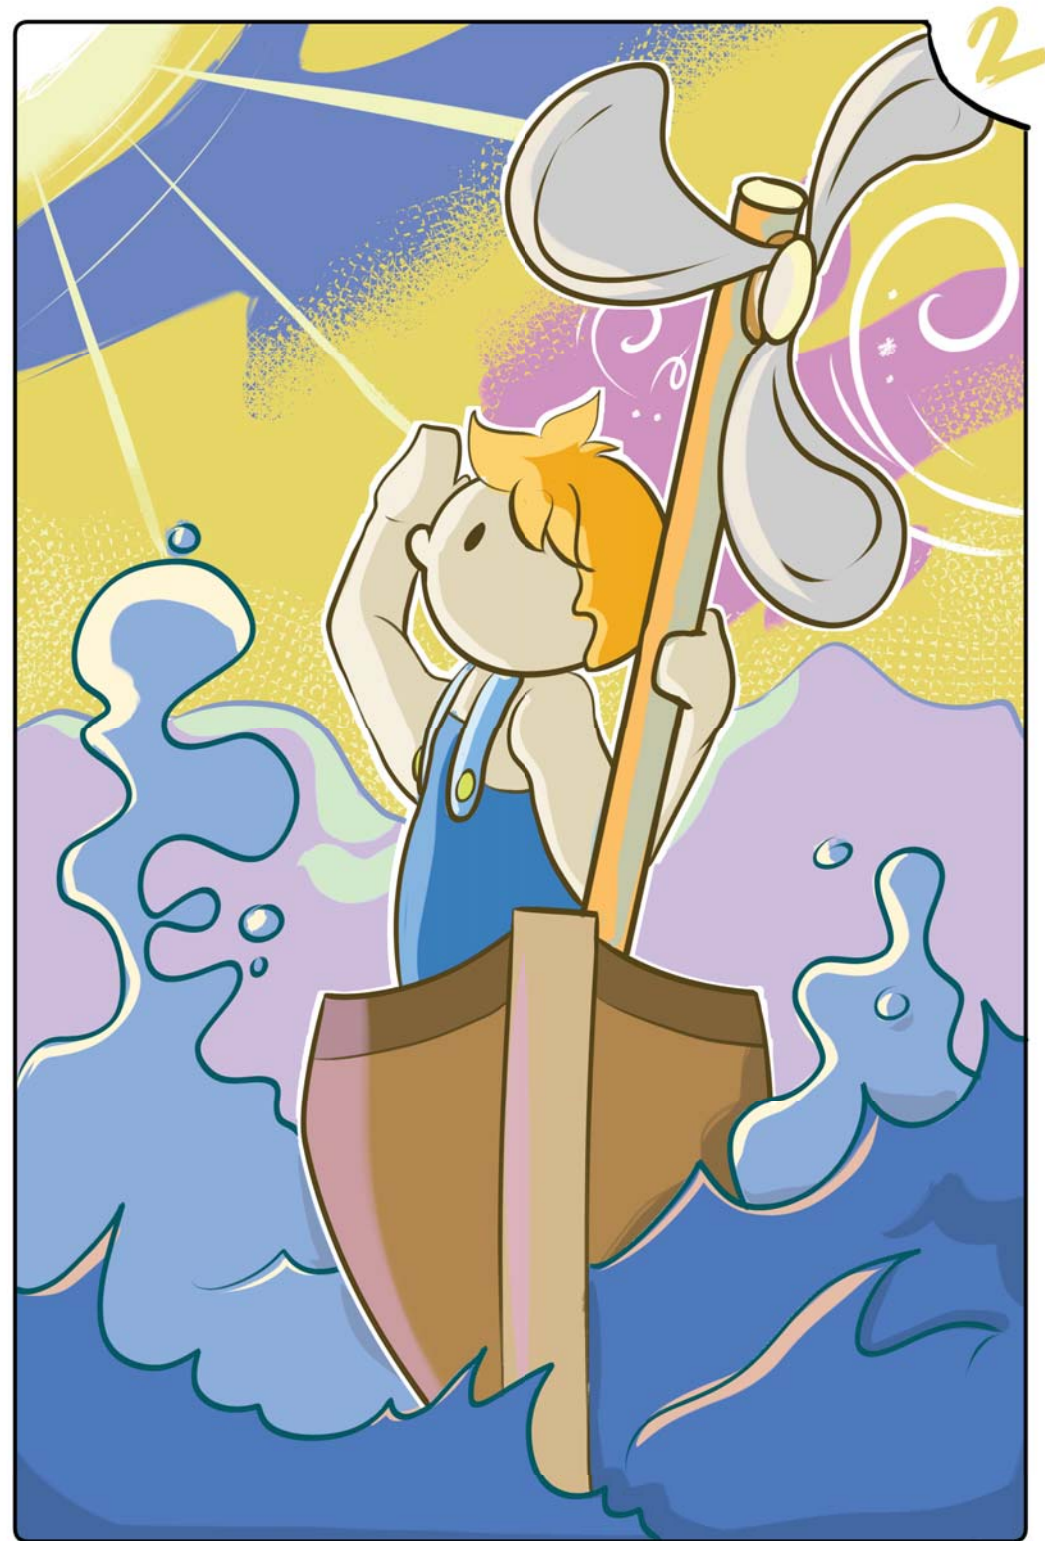

LEVEL 1: THE EARTH

Kleio arrived at the forest of the harpists. There he must find a way to reach the top of the Tree of Life, a symbol of rebirth and immortality, in order to get the power needed to rebuild mount Olympus.

LEVEL 2: THE WATER

After obtaining the immortality provided by the Tree of Life, Kleio had to pass through the challenge of the champions, a challenge to prove he was worth continuing the path to the home of the Gods.
